

Always safe. Always gentle. Always healthy.

## **Shakleebaby™ Personal Care Products FAQs**

**Q: Are Shakleebaby personal care products safe for all babies?**

A: Shakleebaby products are safe, effective, hypoallergenic, and have been clinically tested. If your baby has had an allergic reaction or skin issues, please review ingredient declarations with your pediatrician.

**Q: Are Shakleebaby personal care products hypoallergenic?**

A: The products are dermatologist/pediatrician tested and have been found to be hypoallergenic.

**Q: Are there any precautions for Shakleebaby personal care products?**

A: There are no special precautions that need to be taken when using Shakleebaby personal care products. Of course, if your baby has had an allergic reaction or skin issues, please review ingredient declarations with your pediatrician.

**Q: Are the Shakleebaby personal care products tested on animals?**

A: As with all Shaklee products, Shakleebaby personal care products are not tested on animals.

**Q: What is the shelf life of Shakleebaby personal care products?**

A: Two years for unopened products under normal storage conditions.

**Q: Can I recycle the packaging?**

A: Yes, all Shakleebaby packaging is recyclable (HDPE bottles and caps).

**Q: Are any fragrances added to Shakleebaby personal care products?**

A: There are no added fragrances in Shakleebaby products. The pleasant aroma you smell is from the natural and organic ingredients used.

**Q: Are Shakleebaby personal care products all-natural?**

A: All of the Shakleebaby personal care products are formulated with at least 99% natural ingredients. Only when a natural ingredient cannot be used (e.g. because of product stability issues) is a scientifically formulated ingredient selected.

**Q: What are “certified organic ingredients”?**

A: “Certified organic ingredients” are from organic farms, organic handling facilities, and other facilities that have been certified under the United States Department of Agriculture’s National Organic Program, which guarantees that the certified ingredient is grown and handled without petroleum-based or sewage-sludge-based fertilizers, most conventional pesticides, irradiation, genetic modification (GMO) or sourced from GMO plants, or other restricted substances.

**Q: Can Shakleebaby personal care products be used by adults?**

A: Yes, they can be used by adults and also would be appropriate for use by anyone with sensitive skin.

**Q: Do Shakleebaby products contain talc or mineral oil?**

A: No Shakleebaby products contain talc or mineral oil.

**Q: Do any Shakleebaby products contain bisphenol-A?**

A: No Shakleebaby packaging—or any Shaklee packaging—contains bisphenol-A.
